Subject: Application to Alter a Natural Stream No. 13-57-0004 (JORDAN RIVER)  
RDCC Project No. 37284

Dear Ms. Gonzales:

The State of Utah, through the Public Lands Policy Coordination Office (PLPCO), has reviewed this project. Utah Code (Section 63J-4-601, et. seq.) designates PLPCO as the entity responsible to coordinate the review of technical and policy actions that may affect the physical resources of the state, and to facilitate the exchange of information on those actions among federal, state, and local government agencies. As part of this process, PLPCO makes use of the Resource Development Coordinating Committee (RDCC). The RDCC includes representatives from the state agencies that are generally involved or impacted by public lands management.

**Department of Natural Resources  
Division of Forestry, Fire & State Lands**

The Utah Division of Forestry, Fire and State Lands (FFSL) has reviewed the stream alteration application submitted by Salt Lake County for work on the Jordan River. The Jordan River is considered to be sovereign lands of the State of Utah and is managed by FFSL. In addition to obtaining a stream alteration permit; this action will require prior authorization from FFSL to amend the existing permit. If you have questions please contact Laura Ault 801-538-5540 or [lauraault@utah.gov](mailto:lauraault@utah.gov).
